Dear Families,

It is so exciting to see that our new playground is finally open. Our children and community love climbing, swinging and sliding on it all. We hope that over this long weekend you can find time to visit the new space! This couldn't of happened without the support of our PAC and families who came out to help build it over a rainy August weekend. There is still more work to be done! Soon we will be having two more basketball courts added, as well as the sand pit moved so that it is away from the courts. Our community gardens will be built in the Spring as well. Looking forward to seeing it all as it comes together!

This weekend is Thanksgiving long weekend. While the first official annual Thanksgiving in Canada was celebrated on November 6th, 1879, Indigenous peoples in Canada have a history of celebrating the fall harvest that predates the arrival of European settlers. It has now become a day for gathering as families and friends. We hope that you are able to find time this weekend to gather with your family and friends!

Wishing you all a good long weekend,

Kathy Pantaleo and Leah Scharf
