Dear Families,

In an effort to help with student supervision during the outside break times, we have recently purchased cones with chains to help our students know where to play, and ensure that the only vehicles that come onto school grounds are authorized. We are also finding that children are continuing to come into the school during break times, which makes it difficult to supervise. We are now asking for children to use the bathroom before or after recess breaks, and take their water bottle with them if they get thirsty while playing outside. This will help ensure that everyone is safely supervised while playing outside.

Also, with the change in the weather, we are encouraging families to pack a hat and sunscreen for children to use while playing outside. We are anticipating warmer weather in the coming weeks, and it is important to be prepared.

All the best,

Kathy Pantaleo and Leah Scharf
